Forward-looking statements

This is a rolling (up to three year) roadmap and is subject to change without notice.

This document contains forward looking statements regarding future operations, product development, product capabilities and availability dates. This information is subject to substantial uncertainties and is subject to change at any time without prior notification. Statements contained in this document concerning these matters only reflect Hewlett Packard Enterprise's predictions and / or expectations as of the date of this document and actual results and future plans of Hewlett Packard Enterprise may differ significantly as a result of, among other things, changes in product strategy resulting from technological, internal corporate, market and other changes. This is not a commitment to deliver any material, code or functionality and should not be relied upon in making purchasing decisions.

Hewlett Packard Enterprise confidential information

This is a rolling (up to three year) roadmap and is subject to change without notice.

This Roadmap contains Hewlett Packard Enterprise Confidential Information.

If you have a valid Confidential Disclosure Agreement with Hewlett Packard Enterprise, disclosure of the Roadmap is subject to that CDA. If not, it is subject to the following terms: for a period of 3 years after the date of disclosure, you may use the Roadmap solely for the purpose of evaluating purchase decisions from Hewlett Packard Enterprise and use a reasonable standard of care to prevent disclosures. You will not disclose the contents of the Roadmap to any third party unless it becomes publically known, rightfully received by you from a third party without duty of confidentiality, or disclosed with Hewlett Packard Enterprise's prior written approval.

Why did we build ALM Octane?
Enterprises adopting Agile and DevOps practices to drive business agility
Complement our ALM & QC .NET offering
Market needs a unified solution for Agile and Hybrid-Development teams

HPE ALM Octane brings continuous quality to Agile, DevOps app development – architected to enable teams deliver software at speed, quality and scale.

Hewlett Packard
Enterprise

OUR CORE BELIEFS

Foundation behind the modern Application Lifecycle Management Platform

Insights & Analytics empowers the team to make better decisions

Continuous integration pipeline drives Quality of application builds

Lifecycle assets should be stored and versioned as code

Open architecture, integrations, REST API, business rules

Support the enterprise across any of the methodology chosen

Single scalable platform for all enterprise project teams

Accessible on-demand via Cloud, On Prem, Docker

ALM Octane

Planning

Top ten reasons to attend

1

Get ready to transform your IT

Transforming to a hybrid infrastructure, protecting your digital enterprise, empowering the data-driven organization and enabling workplace productivity can position your enterprise for success. Learn how Hewlett Packard Enterprise is the best strategic digital partner equipping you for transformation.

2

Hear from the Hewlett Packard Enterprise leadership team and other industry visionaries

Learn about our four Transformation Areas and hear directly from President and Chief Executive Officer Meg Whitman and the executive team on how Hewlett Packard Enterprise is helping you go further, faster.

3

Accelerate next with Hewlett Packard Enterprise Transformation Advisors

Bring your digital transformation to life through one-on-one consultations with our solution architects on hand to answer your questions and address your challenges to help you accelerate what's next for your business.

4

Seize valuable opportunity

Time-to-value is the new name of the game, and the ability to capitalize immediately is key to survival. Through the Transformation Zone and Innovation and Spotlight Sessions, you'll learn how HPE can help you transform your organization to significantly reduce the time-to-value of your IT investments.

5

Accelerate transformation with IT consumption

The velocity of change in today's IT world is daunting. Driving innovation while still running the business is essential. Through a series of Spotlight, Theater and Breakout Sessions, learn how you can fund transformation, map your investment strategy to your IT roadmap and achieve faster time-to-market.

6

Take a sneak peek at tomorrow's technologies

Customers and partners under CDA can get early access to preview upcoming Hewlett Packard Enterprise products and solutions.

7

Find answers to your biggest business and IT challenges

Discover 2016 is the perfect place to find solutions, seek new innovations and learn how Hewlett Packard Enterprise can help your enterprise succeed.

8

Explore the Transformation Zone

Interact with experts and peers and learn more about Hewlett Packard Enterprise's most innovative technologies. See the latest products and solutions while speaking with the engineers and architects who created them.

9

Expand your network and grow relationships

Engage with other IT professionals, schedule formal onsite meetings at the Hewlett Packard Enterprise Meeting Center or visit the Guru Bar to chat with Hewlett Packard Enterprise experts.

10

Tap into the power of our partners

Meet with Discover 2016 sponsors, including Intel and Microsoft, in the Transformation Zone. See how collaboration and our growing network is bringing more opportunity and advantages for you.

Thank you

POLLS / SURVEYS

1. Would you like to hear more about product updates and event news from HPE? *
   ○ Yes
   ○ No
